A virtual learning program for educators and families

Beaver Pond Explorations Discussion & Learning Guide

Directions: Follow along and look for answers to the questions below as you participate in the program. If you have others you are working with, answer the questions together.

1) What types of food(s) do beavers eat?

2) What type of mammal are beavers?

3) What is an adaptation and what are a few of the adaptations we see in beavers?

4) List at least one common misconception about beavers.

5) What is Castor Oil?

6) What is Phloem and what does it help a tree do?

7) How do beavers assist other living creatures in the environment?
